

# Driving decarbonization and digitalization. Together.

## Internship: Statistical Data Analytics (f/m/div)

### Job description

Do you want to be part of a highly motivated and international team in a future-oriented company? Semiconductors are a key element in the automotive industry. Infineon Automotive (ATV) is responsible for shaping the future of mobility. We make cars cleaner, safer and smarter. This specific internship is suitable for students within a Master's degree program in Statistics, Physics or similar! Do you bring programming skills as well as an independent working style? Then this is the perfect internship for you! Our team in Graz or Villach is looking forward to receiving your application!

In your new role you will:

- Review and update the **early warnings data system**
- Support with **user maintenance** and **tool administration**
- Carry out **statistical refinement** of the early warnings system

#### Further Information

Type of employment: Temporary / Part-time (flexible working hours from Monday to Friday between 6 a.m. and 7 p.m.)

Duration: min. 6 months

### Profile

You successfully meet the requirements, if you have a **Bachelor's degree** in **Mathematics** or **Physics** and are a motivated and committed **Master's student** in the field of **Statistics**, **Physics** or similar. You are best equipped for this task if you additionally offer:

- **Programming skills** for example in R and HTML
- Excellent communication skills in **English**
- **German** as a plus
- An independent and self-motivated **working style**

This position is subject to the collective agreement for workers and employees in the electrical and electronics industry (full-time), employment group D for master students (<https://www.feei.at/wp-content/uploads/2023/05/minimum-salaries-white-collar-workers-2024.pdf>).

Please attach the following documents (German or English) to your application:

- Motivation letter
- CV
- Certificate of matriculation at a university

## Why Us

### **#WeAreIn for driving decarbonization and digitalization.**

As a global leader in semiconductor solutions in power systems and IoT, Infineon enables game-changing solutions for green and efficient energy, clean and safe mobility, as well as smart and secure IoT. Together, we drive innovation and customer success, while caring for our people and empowering them to reach ambitious goals. Be a part of making life easier, safer and greener.

#### **Are you in?**

#### **– Automotive (ATV) shapes the future of mobility with micro-electronics enabling clean, safe and smart cars –**

Semiconductors are essential to realize key trends like eMobility, automated driving and secure, connected cars. Infineon ATV is the #1 semiconductor partner in the fast-changing automotive world, based on our system knowledge coupled with our passion for innovation and quality. We are a key driver in the ever-advancing pace of digitalization in the automotive industry

#### **We are on a journey to create the best Infineon for everyone.**

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant´s experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
