

Driving decarbonization and digitalization. Together.

Senior Specialist Financial Controller (f/m/div)

Job description

Are you passionate about numbers and looking forward to gain experience while working in a multicultural environment? Do you want to contribute to the success of a growing team? Here at Infineon, we empower you to take your career to the next level, by offering you the right development environment and all the resources you need to demonstrate your skills and achieve top results. Bring us your technical expertise and great analytical skills and become a key member of our Controlling Services team. Join us now as a Senior Specialist Financial Controller!

As a Senior Specialist Financial Controller, you will be a key partner for the business by facilitating effective decision-making through accurate financial information and reports.

In your new role you will:

- **Support Business** in the delivery of **day-to-day finance activities** (Investment handling – maintenance, budgeting and planning), with high focus on global finance processes;
- Support **reporting activities** to relevant counterparts about Investment and Project Processes;
- Understand **other financial areas** to support **decision-making and problem-solving**;
- Input and maintain data in **SAP and other reporting tools**;
- Support **handover of new activities**: take-over phase and documentation.

Profile

In addition to your strong technical knowledge, you are a fast learner, result-oriented and demonstrate high quality standards. With your hands-on attitude, creativity and excellent communication skills, you are able to quickly become acquainted with new topics and build lasting relationships with your counterparts. Your strong problem-solving skills and flexibility enable you to remain focused on solutions and to act cooperatively. Furthermore, your great analytical skills allow you to summarize and present complex financial data in an organized and concise manner.

You are best equipped for this task if you have:

- A Bachelor's degree in **Economics, Business Administration, Accounting, Finance** or equivalent fields;
- **3 to 5 years of experience in Controlling and/or Accounting**, preferably in an international and multi-cultural environment;

Why Us

Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

– Feel welcome at Infineon Shared Service Center in Porto! –

Our multifunctional business model is focused on high quality services through operational excellence with engaged people. We are recognized globally at Infineon as a valuable business partner.

These are the main business services on our site: Finance, Procurement, Human Resources, Cyber Security, Robotic Process Automation, IT, Audit, Legal, Compliance, Business Continuity among other areas that consolidate us as a high-quality partner. You will find a very open and approachable working culture at Infineon Porto, focused on promoting our people engagement and well-being at work.

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant´s experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
