

Driving decarbonization and digitalization. Together.

Financial Controller (f/m/div)

Job description

Are you looking for a new challenge and ready to use your knowledge and experience in financial topics within an international company? Do you consider yourself to be passionate about numbers, an excellent communicator, and a good team player? Then we have the perfect opportunity for you! Join us as our new Financial Controller at Infineon Porto.

As a Financial Controller, you will be a key partner for the business by facilitating effective decision-making through accurate financial information and reports. You will need a good understanding of other financial areas to help support decision-making and problem-solving.

In your new role, you will:

- **Develops and prepares IFX financial plans and budgets;**
- **Compiles and reviews the budgets** for the respective parts of the organization, taking into consideration actual performance, previous expenditures, and estimated expenses and income;
- **Implements budget planning processes and supports divisions/organizational units with their budget planning;**
- Conducts **financial analysis** such as **forecasts, trend analysis, or internal gap analysis;**
- **Supports decision-making** by measuring the company's performance based on actual figures and planning;
- **Responsibility for conducting analysis and promoting efficiency** throughout the processes;
- **Contribution to projects:** Independent delivery of milestones;
- Typically **resolves problems** using existing solutions.

Profile

You are an organized and independent team player who is able to work in a structured way. You are proactive and have excellent communication skills which enable you to network with different partners both internally and externally.

You are best equipped for this position if you have:

- A Bachelor's degree in **Business Administration, Economics, Finance,** or equivalent field of studies;
- **At least 3 years of experience** in a similar role;

Why Us

Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

- Feel welcome at Infineon Shared Service Center in Porto! -

Our multifunctional business model is focused on high-quality services through operational excellence with engaged people. We are recognized globally at Infineon as a valuable business partner.

These are the main business services on our site: Finance, Procurement, Human Resources, Cyber Security, Robotic Process Automation, IT, Audit, Legal, Compliance, and Business Continuity among other areas that consolidate us as a high-quality partner.

You will find a very open and approachable working culture at Infineon Porto, focused on promoting our people's engagement and well-being at work.

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant's experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
