

Driving decarbonization and digitalization. Together.

Asset Management and General Ledger Accountant (f/m/div)

Job description

Do you consider yourself a team player who is able to quickly establish a successful cooperation with others? Do you generate value with your ideas and solutions and set high standards for your own work? Then you should apply now to join our Accounting Services team as an Asset Management and General Ledger Accountant.

As an Asset Management and General Ledger Accountant, you will support the Americas region by taking over various transactional activities. You will become a key partner to the business, facilitating effective decision-making through accurate information.

In your new role you will:

- Participate in the **month-end closing procedures** of group consolidated entities
- Manage **fixed assets master data** and other asset-related transactions
- Handle daily **banking transactions, general entries**, calculation and posting of **accruals**, and Balance Sheet **account reconciliation**
- Understand **accounting policies** and execute **closing procedures** of group consolidated entities
- Be responsible for **verifying the accuracy, completeness, and consistency** of the received accounting data
- Act as an **interface with local accounting, financial controllers**, and other business partners
- Ensure **accurate and timely data reporting** to Central Departments for legal consolidation

Please note that we offer a temporary contract with potential future conversion into a permanent one.

Profile

You are a fast learner with high-quality standards. Your strong problem-solving skills and flexibility enable you to remain focused on solutions and to act cooperatively. You remain focused and goal-driven even when under pressure. Furthermore, you have excellent communication skills that allow you to cooperate successfully and establish sustainable relationships with people across all levels of the organization.

You are best equipped for this task if you have:
