Internship: Mergers & Acquisitions - Investment Search (f/m/div)

Job description

Do you want to become a full-fledged member of the young and diverse Infineon Strategy and M&A department consisting of engineers and business graduates? We are looking for a real team player who is fascinated by technology itself, but also interested in strategic, financial and market aspects of technology. Do you seek an opportunity to gain insights of strategic topics for one of Europe's leading technology companies? Then this internship is a great opportunity for you!

For this opportunity, we expect you to identify and screen the competitive landscape for investment and partnership opportunities in some of Infineon's most exciting technology fields. This will be done in close, frequent alignment with business managers who define boundary conditions and strategic search fields. Depending on your skills and performance, you may in addition be asked to:

- **Experience project management:** Own and drive project management of your work package
- **Take responsibility:** Create presentations for key decision-makers within Infineon and discuss project results on eye-level with business unit leaders
- **Expand your horizons:** Develop and establish new advanced concepts and methodologies to push Infineon's analysis of relevant strategic action fields to new level

Profile

- **Study field:** You are currently studying Business Administration, Economics, Business Informatics, Electrical, Mechanical, Industrial Engineering or related subjects at a University. In addition, you are in terms 4-10 (late Bachelor or Master) and have excellent grades (top quintile)
- **Interests:** You also have a natural interest in financial and strategic business topics
- **Skills:** You are comfortable with analyzing complex data sets in Excel and feel comfortable to discuss and present results within the team and to key stakeholders using PowerPoint
- **Personality:** You are a team player and show strong interpersonal skills
- **Language skills:** You have a very good command of English (German is a plus)

Please attach the following documents to your application:

Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

– You can find the headquarters of Infineon Technologies AG in Neubiberg –

In Campeon, besides working towards our goal of being one of the most sustainable companies in the world, we are improving everyone's future by making the technology of tomorrow.

At Infineon, we take work-life balance very seriously. You will be a step away from the center of Munich with its infinite possibilities. Whether you're a history buff, a foodie, or simply looking for relaxation in the city. Munich has something for everyone. Come and discover the warmth and charm of this city, where Bavarian hospitality meets modern urban living.

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant´s experience and skills.

We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
