

Dear Students, Startups and Makers,

We are glad about your interest in the Virtual Hackathon about radar and machine learning. We hope to receive your application as soon as possible and we are looking forward to hearing from you.

Infineon Virtual Hackathon will take place from September 14 - September 16, 2022 online. The comfort of your home will be the ideal place for you and your team to hack the latest technologies from Infineon. Here are some more key facts for your hackathon experience.

- ✓ The hackathon will be fully online
- ✓ The 10 best applications (teams) will be granted access to this hackathon
- ✓ A team should consist out of at least 3 people
- ✓ We will take care about all the hard- and software you need for this experience. It will be sent to you via mail.
- ✓ Additional expert support will be provided online throughout the hackathon
- ✓ Winners will be invited to visit us at our headquarter in Villach, Austria

I agree to participate bindingly at the Infineon Virtual Hackathon 2022. I acknowledge that during the Hackathon pictures and videos will be taken and those can contain recordings of my person. I authorize Infineon to use this material for their publications. I agree to receive Infineon newsletters and further marketing information about Infineon. (subscriptions can be canceled any time)

Looking forward to seeing you!
Infineon Hackathon-Team
